

Extreme Duty FLUID SECTION

PERFORMANCE • DURABILITY • RELIABILITY

One-piece static (stationary) packings are made of the longest lasting material and do not require a wearable cylinder — saves you time and money on maintenance.

New piston rod has 30% longer life.

Double lower, self-adjusting packings increase life by up to 30%.

Reduce downtime with stainless steel rotating ball valves that keep debris from sticking and maximize performance.

Access and clean the lower ball valve in seconds with the exclusive "live" siphon swivel.

MORE POWERFUL and QUIETER DC MOTOR

New 440i DC Motor

Old Epic 440XC Motor

Hopper Accessory

- 1.5 Gallon Capacity (5.7 L)
- Perfect for spraying small amounts of coatings.
- Attaches to the sprayer without any tools.
- Smooth inside, for quick cleaning.
- Two filter screens included.
- Cover included.
- Sprayer sold separately.

Product No. 704-253

440i

440i Airless Paint Sprayer

Pound for pound, the 440i is unequalled in performance. This versatile, portable and highly reliable sprayer weighs only 32 lbs. It is ideal for one gun residential and maintenance applications.

Materials to be sprayed: Stains, lacquers, enamels, multi-colors, oil based and latex based paints.

- Lightest sprayer in its class
- 40% quieter than the existing Epic 440XC
- Advanced ICSTM microprocessor control with indicator lights
- Turbo PulseClean™
- 30 mesh manifold filter standard
- Extreme Duty Fluid Section

440i Specifications

- Max. Delivery .47 GPM (1.8 lpm)
- Max. Tip Size - (1) Gun .021"
- Max. Operating Pressure 0 - 3200 PSI (221 bar)
- Weight - Skid Frame 32 lbs. (14.5 kg)
- Power Source 3/4 hp DC Motor
- Skid Frame Complete* P/N 700-3000

*Comes with the LX-80® Gun, Tip & Hose Kit

Lighted Power Cord

New exclusive lighted power cord shows when the sprayer is receiving power.

Gun, Tip & Hose Kit

- 440i and 640i come complete with LX-80® Gun, SC-6 tip and 1/4" x 50' hose kit.

High Rider

Low Rider

Skid Frame

640i

Airless Paint Sprayers

The 640i has 21% more output than the 440i and comes in three different configurations. It is ideal for medium to large residential, commercial and maintenance applications.

Materials to be sprayed: Stains, lacquers, enamels, multi-colors, oil based and latex based paints.

- Lightest sprayer in its class
- Advanced ICSTM microprocessor control with indicator lights
- Turbo PulseClean™
- 60 mesh Quick Removal manifold filter standard
- Extreme Duty Fluid Section
- Cart models allow easy, one-man loading and unloading

640i Specifications

- Max. Delivery .57 GPM (2.2 lpm)
- Max. Tip Size - (1) Gun .023"
- Max. Operating Pressure 0 - 3200 PSI (221 bar)
- Weight - Skid Frame 35 lbs. (15.9 kg)
- Weight - High & Low Rider Frame 55 lbs. (29.5 kg)
- Power Source 1.3 hp DC Motor
- Skid Frame Complete* P/N 765-3000
- Low Rider Complete* P/N 765-3015
- High Rider Complete* P/N 786-3000

* Comes with the LX-80® Gun, Tip & Hose Kit.

Quick Removal Manifold Filter

- Hand-tight (3-turn) removal
- Increased productivity
- Fewer tip clogs
- Available on 640i series

Turbo PulseClean™

- Faster, more thorough cleaning due to pulsation and variable speeds.
- Nothing to connect or disconnect.
- Automatically switches to Turbo PulseClean™ once paint is flushed out of system.

Microprocessor with ICS™ (Intelligent Control System)

- A multi-stepped program featuring:
- Up to 40% tighter deadband over the existing XC models.
 - More consistent spraying pressure.
 - More consistent mil build.
 - The ICS multi-colored pressure control label shows you the correct pressure settings eliminating unnecessary overspray and tip wear.

ICS indicator lights have the following multiple functions:

- Match up with the pressure control label to indicate correct pressure for spraying various coatings.
- Serve as a tip wear indicator.
- Serve as a "Service Fluid Section Soon" indicator, giving you early signs of potential pump problems in advance.
- Information data port allows for easy retrieval of important operating information such as: serial number and total spraying time. (Used in conjunction with the Titan Programmer available at most service centers)

Drip Cup

New Drip Cup prevents drips and holds (2) 4oz. bottles of Piston Lube or Liquid Shield Plus and has space for two reversible tips (tips sold separately).

The Best & Longest Warranty in the Industry

Titan sprayers are built to last. We are so confident that our *i-Series* sprayers will hold up to the most difficult jobs that we offer the best and longest warranty in the industry.

Limited Lifetime Motor Warranty – If the motor fails from normal usage for as long as you own the sprayer, we will replace the motor at no cost to you.

Lifetime Drive Train Warranty – If the drive train fails from normal usage for as long as you own the sprayer, we will replace the drive train at no cost to you.

4 Year Manufacturers Defects – We pledge that our sprayers are free from defects in materials and workmanship. This excludes normal wear items and consumables such as; filters, piston, packings, tips, etc.

35 Day Satisfaction Guarantee – For any reason the sprayer does not perform up to your expectations within 35 days, the sprayer can be exchanged for the identical model or full credit towards the purchase of a Titan sprayer of larger size and value.

Express Parts Program –

- Over 400 Authorized Service Centers nationwide.
- The most common repair parts are guaranteed to be in stock 100% of the time.
- If for any reason your preferred Authorized Service Center is out of stock, free 2nd day air is available when ordered by 3:00 pm (EST).

WearGuard™ Convenience Program –

Purchase a new *i-Series* sprayer after March 1, 2004 and you qualify for one of the following packages:

- A: Receive the sprayer's repacking kit at no charge.
This kit includes: packings, upper and lower balls, seals and o-rings.
- B: Purchase the sprayer's major repair kit for \$35 (up to a 78% savings).
This kit includes: a repacking kit in addition to a piston, upper and lower ball seats and motor brushes.
- C: Purchase the sprayer's complete Extreme Duty Fluid Section for only \$99 (up to an 80% savings).
This includes all necessary parts including the prime/spray valve and manifold filter and housing allowing you to simply replace the fluid section right on the job site.

For more information about the industry's leading warranty; please call Titan's Technical Service Department at 1-800-526-5362.

"The Longest Lasting Tip in the Industry"

- Universal size fits most bases.
- Fewer passes and better coverage than competitive brands because of full fan pattern with minimal feathers.
- New one-piece seal and retainer.
